

RRS® HA TENSOR LIFT

 Aesthetic Dermal

Presentation

box of 2 vials / 6 vials / 12 vials
containing 5 ml (0,175 Fl.oz.)

Indications

Anti aging meso treatments
Soft skin lifting
Collagen elastine booster
Recommended for patients 35-55* years old

RRS® HA Tensor Lift must be used under appropriate aseptic conditions in an authorized clinic on healthy, disinfected skin.

Before the treatment

Before the treatment, the physician should inform the patient:
- about indications and effects
- the possibilities of the side effects (pain, redness, ecchymosis, stinging sensations and swelling, local inflammation, usually disappearing in 24 hours)
- check allergy test

Sensitive skins may benefit from application of an anaesthetic cream prior to the treatment

We recommend to have a consent signed by the patient.

After the treatment

Avoid extreme temperatures
Saunas - Hammam
Direct exposure to sun or UV
From next day make-up can be used

Contraindications:

Allergy to any of the ingredients. Patients presenting any skin alteration, skin disease, infections or sequelae of streptococcal infections. Patients taking immunosuppressants, undergoing cortical therapy, with autoimmune disease history, patients with uncompensated diabetes, acute joint rheumatics, repetitive angina, and endocarditis.

*No studies are available for use during pregnancy and breastfeeding or in case of treatment on children or minors under 18.
